

MISSION AND GOALS

The primary mission of the Hungarian-Missouri Educational Partnership (HMEP) is to provide both need based and academic scholarships for graduate students from Hungary. HMEP is designed to provide life changing opportunities for the student scholars who seek to fully understand the free-enterprise system while promoting an international focus on entrepreneurship, industry, and commerce. HMEP also facilitates the development of undergraduate and faculty exchange programs and study abroad programs with our partner universities. The end result is to shape emerging leaders who will create a lasting bond between the U.S. and Central Europe.

“... APPLYING FOR THE HMEP SCHOLARSHIP WAS ONE OF THE BEST CHOICES I’VE MADE IN MY LIFE. NOT ONLY AM I ATTENDING AN ACCLAIMED UNIVERSITY IN A WONDERFUL CITY, BUT I AM FORTUNATE ENOUGH TO BE PLACED IN AN INTERNSHIP AT A LEADING COMPANY FIT TO MEET MY EXACT NEEDS AND SCHEDULE.”

THE SCHOLARSHIPS

Funded by private and corporate donations, the scholarships are awarded to outstanding student scholars selected by academic and need-based criteria. The award package covers tuition, room and board, books, and all fees. The program also provides internships for the student scholars to gain practical experience in individual fields of study, and facilitate post-graduate employment opportunities.

The scholarships are designed to build and strengthen educational, cultural, and business relationships between the United States, Central Europe, and specifically between the United States and Hungary. The student scholars intern with U.S. companies with the intent of creating employment opportunities for these young people with companies operating in the United States and Central Europe. The flexibility of the scholarships allow students to tailor them to directly match their educational aspirations.

“... THE HMEP GAVE ME A CHANCE OF A LIFETIME — AND MANY JEALOUS FRIENDS. I CAN EASILY SEE THAT THIS FOUNDATION WILL BE THE SPRINGBOARD FOR AN INTERNATIONAL CAREER.”

Balazs Klanicza
— attending University of Missouri, St. Louis (UMLS)

THE EDUCATION

Our partner Universities in Missouri include: Saint Louis University, Washington University, Webster University and University of Missouri – St. Louis.

Participating Hungarian Universities include: Budapest University of Economics & Technology, Corvinus University, University of Debrecen, Pazmany Peter University, and University of Pecs.

THE FOUNDERS

The Hungarian-Missouri Educational Partnership was formed with the support of the U.S. Ambassador to Hungary, Mr. George H. Walker; the Hungarian Ambassador to the U.S., Mr. Andras Simonyi and the Honorary Consul General of Hungary, Mr. Joe Adorjan. The creation of this academic partnership is the first of its kind and is rooted in building and strengthening the relationship between Hungary and Central European countries with the United States and expanding the global reach of our member Universities in Missouri.

“... I AM STILL LEARNING NEW THINGS EVERY SINGLE DAY, BUT I ALREADY KNOW MY GOAL IS TO GO HOME AND MAKE A DIFFERENCE. I CAN FEEL EVERY DAY THAT I GET CLOSER TO THAT GOAL. THIS IS THE BIGGEST OPPORTUNITY YOU CAN GET... DON'T MISS IT!” Sandor Esik — attending Saint Louis University
